THE MARKETS.

New York, Nov. 14.—A renewal of heavy liquidation in the stock market this afternoon and a violent drive by an organized bear party caused a disorderly slump to the lowest prices of the week. Even at the final raily, due to the scramble amongst bears to cover their short contracts, which lifted prices one to three points above the lowest for the weakest active stocks, the prices of not a few important stocks are lower than before for the week. At the extreme declines, which were made early in the final hour, losses of from three to seven and a quarter were shown by the stocks which bore the brunt of the bear attack. St. Paul led with a 7½ point decline from yesterday's. Rock Island 3½, the preferred 7, Baltimore and Ohio and Louisville 5½, Canadian Pacific 6, northwestern 4½, Colorade Fuel 4½, Reading 4, Pennsylvania 3½, and a number of the Pacifics, coalers and other stocks 3 points or over. The fierceness and sudenness of the raid came as a surprise owning to the character of the support given to the market at the opening decline and the cagerness shown by the bears, who sold short yesterday, to over and take their profits. The rapid tumbiling of prices gave rise to the usual croo of rumors of financial difficulties and probable failures which gave active employment to some of those pointed at in the making of denials. The wiping out of markins and the uncovering of stop loss orders dislodged a great mass of securities, which have been overhanging the market. No doubt very heavy speculative losses were involved in some of this solling. The knowledge of the precarious situation of some very extensive long out the market. No doubt very heavy speculative losses were involved in some of this solling. The knowledge of the precarious fituation of some very extensive long account deabless figured in the formation of the powerful bear party which broke the market. Some of the selling today was alleged to be by holders of stocks who have maintained their holdings for a long time and through all the period of the Penns Wall Street Review.
